Re: Application of Puerto Rico Telephone Company, Inc. to Participate in the Broadband Adoption Lifeline Pilot Program; Lifeline and Link Up Reform and Modernization, WC Docket No. 11-42

Dear Ms. Dortch:

Puerto Rico Telephone Company, Inc. ("PRT" or "Company"), by counsel, herein supplements the above referenced application to participate in the Broadband Adoption Lifeline Pilot Program ("Program"). On August 2, 2012, the Company spoke by telephone with Wireline Competition Bureau Staff. During the teleconference, the Commission requested written clarification concerning certain details of PRT's application.

In response to the Commission's request for clarification, PRT provides the following information. *First*, PRT amends the overall amount of funding proposed in its application to \$2.5 million. The funds would be spread across the four broadband plans identified in its application. With this level of funding, PRT would enroll up to approximately 26,460 total participants in the Program. Specifically, PRT would enroll approximately 20,830 participants in Option 1 and Option 2, and would enroll approximately 5,630 participants in Option 3 and Option 4. *Second*, the Company clarifies that PRT will collect the standardized data that must be submitted to the Universal Service Administrative Company from each participant that PRT enrolls in the Program. *Third*, PRT informs the Commission that Option 1 and Option 2 require a one-year contract. Additionally, PRT informs the Commission that Option 3 includes an early termination penalty, but Option 4 does not include an early termination penalty.
